

Digital Learning Specialist

Network of Community Activities

Excellent salary for the right person
Temporary Contract for 12 month
which can lead to permanent role.
FT or PT

Are you ready to embark on an exciting journey where you can make a real impact on the digital learning of our Out of School Educators?

Look no further! Network of Community Activities has an incredible opportunity to join our much valued membership organisation to help shape the future of digital learning for our members and Educators across NSW.

At **Network**, we value openness, collaboration, ambition, and pride. We believe that by embracing these core values, we can create a workplace culture that fosters growth and collaboration. As a Digital Learning Specialist, your primary responsibility will be to support our professional development programme by revolutionising the digital learning experiences available to our members and sector. Together, we will unlock their full potential and empower them to achieve new heights of success!

Here's what you'll be doing in this crucial role:

- **Enhancing Digital Learning:** You will play a pivotal role in improving the digital learning experiences available to our OOSH Educators. By identifying gaps, researching sector trends, and collaborating with subject matter experts, you will shape the future of learning within our community. Your expertise will ensure that our membership will have access to cutting-edge, engaging, and relevant digital learning resources.
- **Knowledge of Learning Management System (LMS):** As the guardian of our Learning Management System, you will be responsible for its development, maintenance, and promotion. You will ensure that our LMS remains the go-to hub for all learning activities, maximising its potential to support staff growth and development.
- **Curating Digital Learning Content:** You will collaborate closely with our small team on subject matter, and stakeholders to develop high-quality digital learning content. By utilising your exceptional instructional design skills, you will transform complex concepts into engaging and interactive learning experiences. Your creative flair will captivate learners, ensuring they acquire new skills and knowledge in a fun and meaningful way.
- **Developing Digital Literacy Training:** As part of your role, you will design and deliver digital literacy training programs.

About You

Are you the ideal candidate to join Our Team as a Digital Learning Specialist?

To excel in this role and make a significant impact on our Network's digital learning landscape, we are seeking an exceptional individual who embodies the following skills, knowledge and experience:

- Passion for Digital Learning
- Technical Acumen
- Learning Content Development
- Growth Mindset
- Collaboration and Stakeholder Engagement
- Analytical and Evaluation Skills

If you possess these skills, knowledge, experience, we invite you to join our team as a Digital Learning Specialist. Together, we will build a culture learning and empower our Out of School Educators to reach new heights.

Apply now and let your passion for digital learning make a lasting impact!

Please send us your resume plus a letter of application detailing your skills, knowledge, experience to ceo@networkofcommunityactivities.org.au
